Dear Harold,

..... I received your letter of Nov 20 today. I am at this very moment recording a Courtney show (Penabaz guest) I will send the tape out as soon as possible (Monday or Tuesday). I am recording the show intact including commercials (I am cutting out the News intermissions) You might want to know who sponsers the shows. The tape should run about 3 hrs. I have spliced a few minutes worth of tape that I recorded Nov, 10 · 11:20 PM · WTVJ (4) television It's an interview with Jim Bishop. Larry King interviewed him regarding his new book. It may be of interest It will appear first on the tape. I recorded at 17/8 ips and only on two tracks. If it doesn't play on your Concord (which I think it will) It will definelly play on your Wollensac.

OVER

Hopefully, there will be no trouble If there is, fish around you'll find it. In either case it will appear only on one channel (1). channel 2 has nothing on it. The reason for this confusion is that I have a very expensive tape deck, but at the present, I have no amplifier speaker system. I can't hear back what I'm recording I will be getting some Hi Fi equipment soon and there will be no more problems

I am going to send the tape with a request for a return receipt If I can't get one I'll send it registered I want to insure that you get it. I'll address it to you and your wife so that either can receive it

Sincerely
Ross

P.S
The whole show ran on one side of the tape. I'm almost at the very end.

addenda I managed to get through at the end of the show (end of side (1) tape to ask Penabay a few questions. I tried not to act antagonistic but rather inquisitive. Courtney has a way of hanging up on those who disagree. I asked him about Oswald's being head of the Fair Play for Cuba Committee in New Orleans. He babbled Warren Comm style but did get into a bit about his (Penabay) relation to Bringuier. I asked him about his thoughts on the Garrison Case, and he said he doesn't know what's holding it up. but that Garrison is calling everyone (without documentation) a conspirator. He then digressed into a diatribe about Mark Lane as a Marxist etc. You'll hear it all on the tape. Courtney eventually cut me off. If I had played dumb I probably wouldn't have gotten any time. As it is, I must have been on (maybe) 5 minutes. Ross (OVER)

When you are through with the tape Please send it back. If you want to keep it that's okay also
